# INCOM NEWSLETTER 35; FRIDAY APRIL 24TH 2020

VACANCIES

At the moment Mellanox Technologies have three open full-time positions and one student job in software architecture. If you have candidates in mind, please contact Juan José Vegas Olmos: juanj@mellanox.com. In addition, Mellanox Technologies have over ten openings in design and layout, plus a couple in verification.

REDUCED ACTIVITIES DUE TO COVID-19

While seeing a stabilization in the outbreak of COVID-19 in Denmark, the PMO will remain fully at your service although still not physically present in the office. In case, the situation hinders progress for the INCOM activities, we kindly ask the task leaders to keep the PMO posted and to report issues through the regular channels i.e. the monthly project progress reports.

STEERING COMMITTEE MEETING

On April 28th the next biannual Steering Committee meeting will take place as an online meeting and some of the topics of the agenda are:
- Re-planning of: IPR management, commercialization and technology transfer, standards, and test network
- Advisory Board activities
- How to deal with the delay of task deliveries, due to COVID-19
