## ONE YEAR ANNIVERSARY OF INCOM PROJECT

Year 1 of INCOM is almost done. It has been a busy year igniting all the tasks, starting all the processes, and seeding the ground for harvesting the results over the remaining two years. We are well underway and we have overall performed up to expectations. Now the honeymoon is also definitively over so let us continue the good work and execute as promised going forward.

## INCOM CO-HOSTING FPGA WORLD CONFERENCE YESTERDAY

On September 19<sup>th</sup> the INCOM project was co-hosting the FPGA World conference that took place in the

DTU Science Park (former Scion DTU) in Lyngby. Close to 100 people from academia and industry participated in this event on the research and development in use of FPGA's. This year, a main topic was FPGA and AI, but an ultra-low power IoT platform (battery driven) with high resolution camera was also showcased by INTEL in the exhibition area.

## ADVISORY BOARD AND STEERING COMMITTEE MEETINGS OCTOBER 29<sup>TH</sup>

We are excited to welcome the INCOM Advisory Board for the first time, October 29<sup>th</sup> where the Board will meet the Steering Committee. The prominent members of the Board will be able to provide the INCOM project with their knowledge, deep business insight, experience, and networking opportunities. The Steering Committee and project as such can seek advice from the Advisory Board who largely will define their own modus operandi.

## PREPARATORY COMMITTEE

The next meeting will take place September 25<sup>th</sup> and the main items of the agenda are:

- INCOM Conference and Exhibition at HTS, October 30-31
- Year 1 results

## IDA CONNECT EVENT OCTOBER 23, 2019

Please take notice of the Tele 2019 – conference (in Danish) named "Det nye landskab i telebranchen" October 23<sup>rd</sup> in Copenhagen.
